M Public Display Floorstand Base

Art No: Silver 7 350 022 735 439, Black 7 350 022 736 313

The M Public Display Floorstand Base is an optional accessory for the M Public Display Stand series. The product exchanges the standard wheelbase included and can then create a non-movable base for the M Public Display Stand. This is ideal if the M Public Display Stand should not be moved out of its position.

The M Public Display Floorstand Base is configurable to meet different needs and situations. For public use its footprint can be minimized and then mounted to the floor. This is highly suitable in public areas where safety is of highest importance.
